SAR GRANT

Vex Robotics Kits will be purchased through a Special Administrative Request (SAR) Grant for the 8th Grade Technology Classes at the North Syracuse Junior High School. This Grant was submitted by Principal Connie Turose and 8th Grade Technology teacher Alex Parsons and approved by the NSEF Board. It supports the district's goal to create unique learning spaces for students. We hope to see increased focus from these young students that will lead to more effective learning. NSEF is proud to work with administrators and faculty to provide ways of trying new initiatives for students that do not require additional school budget funds.
